

Mantronic

W.A.S.P.

You see me, a man and machine
All my life so hungry and lean
Watch me bleed and I feel no pain
I'm going wild and slowly insaneMantronic, I'm on the loose
Bionic, my neck in the noose
Mantronic, I'm still the king
Bionic, half man and machineOne fast lane, on top of the world
Balls of steel, mechanical pearls
I pay my dues and suffer alone
Feel like hell and cut to the boneMantronic, I'm on the loose
Bionic, my neck in the noose
Mantronic, I'm still the king
Bionic, half man and machineBe careful now
Because what you wish for
Just may come true
If you look
Behind that doorMantronic, I'm on the loose
Bionic, my neck in the noose
Mantronic, I'm still the king
Bionic, half man and machine
