## **Mantronic**

## W.A.S.P.

You see me, a man and machine All my life so hungry and lean Watch me bleed and I feel no pain I'm going wild and slowly insaneMantronic, I'm on the loose Bionic, my neck in the noose Mantronic, I'm still the king Bionic, half man and machineOne fast lane, on top of the world Balls of steel, mechanical pearls I pay my dues and suffer alone Feel like hell and cut to the boneMantronic, I'm on the loose Bionic, my neck in the noose Mantronic, I'm still the king Bionic, half man and machineBe careful now Because what you wish for Just may come true If you look Behind that doorMantronic, I'm on the loose Bionic, my neck in the noose Mantronic, I'm still the king Bionic, half man and machine
