

When It Comes to Love

Bryan Duncan

When it comes to love I'd do most anything
'Cause if you have it in your heart you know
 You're a rich man
There's just not enough to go around the world today
 And if we had a little more, you know
 It'd be a better placeI can only go by what's happened to me
And now I realize when it comes to loveYou're gonna cry a little, hurt a little
 Feel a little pain in your heart
 Laugh a little, care a lot
 Take a look at what you've got
 It's true we're human, we make mistakes, but
 We're gonna live to see a brighter day
So do what you gotta do, what you gotta doWhen it comes to love I just wanna have it all
 It's not something you can buy
 In any store
 Someone to trust that's what I'm lookin' for
 I'm gonna open up my heart and ask you
 To open yoursI'm not tryin' to tell you just how it should be
I just want to show you clearly when it comes to loveYou're gonna cry a little, hurt a little
 Feel a little pain in your heart
 Laugh a little, care a lot
 Take a look at what you've got
 It's true we're human, we make mistakes, but
 We're gonna live to see a brighter day
So do what you gotta do, what you gotta doWhen it comes to love
 Oh, I can build a world with you by my side
 When it comes to love
 Together we can start a fire that'll light up the night
 Oh, they say you don't know what you got till it's too late
So let's not make the same old mistakeYou're gonna cry a little, hurt a little
 Feel a little pain in your heart
 Laugh a little, care a lot
 Take a look at what you've got
 It's true we're human, we make mistakes, but
 We're gonna live to see a brighter day
So do what you gotta do, what you gotta doWhen it comes to love, when it comes to love
 When it comes to love, when it comes to love
