24 Hour Nights (feat. Jason Lancaster)

This Is All Now

We started off with the best of intentions
I fell in love with the way that you mention my eyes
I felt warm inside
But now the interstate will take you away
When thereâ€™s so many things that I wanna say
Iâ€™ve got to take this in stride

So Iâ€™ll keep my head up if I have to
And weâ€™ll do what we can while I have you

And weâ€™ll turn our summer days into 24 hour nights
If thatâ€™s what it takes to get this right
And weâ€™ll go all of the way â€˜cause for the rest of my life
Iâ€™ll remember every sound and every sight
On these 24 hour nights

Iâ€™ll say I love you if you say that youâ€™ll say
And every syllable we think weâ€™ll just say
As time goes flooding by
Because iâ€™m gonna miss the way that you smile
and when I think about you once in a while
Iâ€™ll try to stay warm inside

â€˜cause I canâ€™t take this moment without you
And Iâ€™m not really sure how Iâ€™ll pull through

So weâ€™ll turn our summer days into 24 hour nights
If thatâ€™s what it takes to get this right
And weâ€™ll go all of the way â€˜cause for the rest of my life
Iâ€™ll remember every sound and every sight
On these 24 hour nights

Doo do doo, doo dum do doo do doo
Doo do doo, doo dum do doo doo
Doo do doo, doo dum do doo do doo
Doo oo doo do doo

So weâ€™ll turn our summer days into 24 hour nights
If thatâ€™s what it takes to get this right
And weâ€™ll go all of the way â€˜cause for the rest of my life

Iâ€™ll remember every sound and every sight
On these 24 hour nights
On these 24 hour nights

(Doo do doo, doo dum do doo do doo) These summer days
(Doo do doo, doo dum do doo doo) Into summer nights
(Doo do doo, doo dum do doo do doo) Iâ€™ll never forget you
(Doo do doo) On these 24 hour nights
