

Best Thing In Town

Green Day

Come with me and let's go for a ride
Follow me to the other side
As I sit around and watch you pout
'Coz I know that you're the
Best thing in town, best thing around
Best thing in town, best thing aroundRunning wild and always running free
Doing things that I have never seen
Eerie colors and all I see are sounds
Now I know that you're the
Best thing in town, best thing around
Best thing in town, best thing aroundI'm seeing faces
Of mysteries of the earth
I am not one
To the aggressions of my birth
Or go to stance
Of hallucinations I can't find
A missing piece
Of a thought that's in my mindYeah, come with me and let's go for a ride
Follow me to the other side
As I sit around and watch you pout
'Coz I know that you're the
Best thing in town, best thing around
Best thing in town, best thing aroundRunning wild and always running free
Doing things that I have never seen
Eerie colors and all I see are sounds
Now I know that you're the
Best thing in town, best thing around
Best thing in town, best thing aroundSick and tired of this shit
