

Down Louisiana Way

George Strait

I'm goin' down Louisiana way
I was born down Louisiana way
I'm goin back as of this very day
Don't worry about me cause I'll be okay
I was born down Louisiana way
I'm goin' down Louisiana wayI will miss all my old Chicago friends
And think about you San Francisco now and then
I will remember my compadres in L.A.
Look me up down Louisiana wayI'm goin' down Louisiana way
I was born down Louisiana way
I'm goin back as of this very day
Don't worry about me cause I'll be okay
I was born down Louisiana way
I'm goin' down Louisiana wayDon't let your eyes get misty now
We knew the time would come around for me to go
I will miss youSo long my friend, guess I'll see you while ago
I might be back sometime, you just never know
I have left a sweet heart north of Whiskey Bay
True love waits down Louisiana wayI'm goin' down Louisiana way
I was born down Louisiana way
I'm goin back as of this very day
Don't worry about me cause I'll be okay
I was born down Louisiana way
I'm goin' down Louisiana way
