The Right Time

Tuxedo

Shining like a light in the nighttime, loving everything that you got
Thinking that tonight be the right time, to take this party to the next vibeI got you on my mind (on my mind)
Can't stop thinking 'bout you all the time (all the time)
Na-na-na-na-na-na
It happened all so fast, I want to make it last
Na-na-na-na-na-na
So if you want me too, then maybe say 'I do'
I give it all to youShining like a light in the nighttime, loving everything that you got
Thinking that tonight be the right time, to take this party to the next vibe
Shining like a light in the nighttime, loving everything that you got
Thinking that tonight be the right time, to take this party to the next vibeNo one has ever loved me, the way you do
I'll never find another one like you
Na-na-na-na-na-na
Shadow me with your love, oh I can't get enough
Na-na-na-na-na-na
So if you want me too, then maybe say 'I do'
I give it all to youShining like a light in the nighttime, loving everything that you got
Thinking that tonight be the right time, to take this party to the next vibe
Shining like a light in the nighttime, loving everything that you got
Thinking that tonight be the right time, to take this party to the next vibeAllright okey, I never felt this way
Okey allright, let's get it on tonight
Allright okey, I never felt this way
Okey allright, let's get it on tonightShining like a light in the nighttime, loving everything that you got
Thinking that tonight be the right time, to take this party to the next vibe
Shining like a light in the nighttime, loving everything that you got
Thinking that tonight be the right time, to take this party to the next vibe
