Dj vu
That's what Im feeling tonight with you
'Cause I promised myself I wouldn't lose my cool
But Im a sucker for them pretty brown eyes
Yeah, yeahYou got me doing things I never done before
I told myself that I was going to let you go
But you're the only one that I have an appetite forSo, here I go
I only came over to tell you girl
Its over between you and I
But now that you're touching me Im having second thoughts
So I aint going to leave you tonight
'Cause my heart is paralyzed
I can't move girl
My heart is paralyzed
Im stuck with you, girl
'Cause my heart is paralyzed
I can't move girl
My heart is paralyzed
Im stuck with you, girlKnocked off my feet
On my way over I knew my speech
Was going to tell you we couldnt be baby
But I start trippin every time you smile
Yeah, yeahYou got me doing things I never done before
I told myself that I, I need to let you go
But you're the only one that I have an appetite forSo, here I go
I only came over to tell you girl
Its over between you and I
But now that you're touching me Im having second thoughts
So I aint going to leave you tonight
'Cause my heart is paralyzed
I can't move girl
My heart is paralyzed

Im stuck with you, girl
'Cause my heart is paralyzed
I can't move girl
My heart is paralyzed
Im stuck with you, girlThis aint what I planned
I thought that I could put you in my past
But I guess that I got it bad
Its time to walk away but somehow I cant
No...I only came over to tell you girl
Its over between you and I
But now that you're touching me Im having second thoughts
So I aint going to leave you tonight
'Cause my heart is paralyzed
I can't move girl
My heart is paralyzed
Im stuck with you, girl
'Cause my heart is paralyzed
I can't move girl
My heart is paralyzed
Im stuck with you, girl
