You Know

Athlete

You are loved and you know you are
Yeah, you know you know you know you are
And you know you know you know you are
You'll endure and you know you will
Yeah, you know you know you know you will
And you know you know you know you will
But you can't count it on your fingers 'cos there's more than you think
You can't use your head to figure 'cos there's much too much
For our little minds to deal with, so let's get it up
You will reap and you know you will
Yeah, you know you know you know you will
And you know you know you know you will
But please don't ever try to
Count it on your fingers 'cos there's more than you think
You can't use your head to figure 'cos there's much too much
For our little minds to deal with, so let's get it up
But you can't count it on your fingers
'Cos there's more than you think
You can't use your head to figure
(Just try)
'Cos there's much too much
(Yes, yeah)
Yeah, for our little minds to deal with, so let's get it up
One two three
Give it up, lift your hands, everybody
Give it up, lift your hands, everybody everybody
Give it up, lift your hands, everybody
Give it up, lift your hands, everybody everybody
Give it up, lift your hands, everybody
Give it up, lift your hands, everybody everybody
Give it up, lift your hands, everybody
Give it up, lift your hands, everybody everybody
Give it up, lift your hands, everybody
Give it up, lift your hands, everybody
