## Robert Byrne

See my true reflection  
Cut off my own connections  
I can see life getting harderSo sad is this sensation  
Reverse the situation  
I can't see it getting betterI'll walk you through the heartbreak  
Show you all the outtakes  
I can't see it getting higherSystematically degraded  
Emotionally a scapegoat  
I can't see it getting betterPerverse and unrealistic  
Try to make it all stick  
I can't see it getting betterHollow now, I'm burned out  
All I need to break out  
I can't see life getting higherLove, life, makes you feel higher  
Love of life makes you feel higher  
Higher, higher, higher, higher  
Higher, higher, higher, higher  
Love of life makes you feel higher
