## Accept

Screaming just for mercy  
I am no monster man  
Knowing makes you guilty  
Not free of any faults I see a hot, hot fighting  
On controversial sides  
To call my mercy killer  
'cause I did it right For love I gave you fading life  
For love I had to give you up I am no monster man - mercy or crime  
Dead or alive dead or alive  
I am no monster man - mercy or crime Facing all the trouble  
I still remember our nights  
And we're swearing both to free us  
When life is only pain For love I had to give you up I am no monster man - mercy or crime  
Dead or alive dead or alive  
I am no monster man - mercy or crime  
Dead or alive dead or alive  
Monster man  
I am no monster man - mercy or crime  
Dead or alive dead or alive  
I am no monster man - mercy or crime  
I am no monster man
