## BOOTS

Cure! Ambulance  
Who's watching your family, kid?  
Get paid off damages  
Who's collecting millions  
Suffrage's  
Do you think you could get me good coverage?  
Helicopter I could own  
So that everybody sees me from the throne  
Peace to inflate  
Come on everybody let's suffocate  
Come on everybody let's clean the plate  
Come on everybody there's cash in the rat trap C-U-R-E  
Everybody come on everybody that's comin' for it  
Here's your nominees  
They ain't got shit on me  
Cure  
(C-U-R-E)  
(Cure) Cure  
Wish me luck  
Come on everybody let's save a buck  
Anyone could tell you that you got bad luck  
But a teacher can't teach us how to give a fuck  
Looming in the bright blue blaze  
Fuming in a wall street haze  
C-U-R-E  
They ain't got shit on me  
Cure Ambulance  
Who's watching your family kid?  
Who's collecting millions, and millions, and millions kid?  
Ambulance  
Who's watching your family kid?  
Who's collecting millions, and millions, and millions kid? Don't change your mind  
Everybody telling hot crooked lies  
Roller-coaster ride, we all get to heaven so improvised  
So doomed baby, doom baby  
Get you up in my tomb, maybe  
C-U-R-E  
That's what I be  
Cure

Who's collecting millions, and millions, and millions?  
Who's collecting millions, and millions, and millions kid? Gold in the field; right lane go  
I just feel that they've already lost it  
Is it grey or do you want it for every note?  
It's gone in the world of my own destruction Who's collecting millions, and millions, and millions kid?  
Ambulance  
Who's watching your family kid?  
Who's collecting millions, and millions, and millions kid?  
Cure
