

Sex Drive

Kitten

I just can't help myself
that's right
You got me all hot If you think I'm too hard to get
Then I don't know what to tell you,
You suffocate my nasty thoughts,
but there's nothing I can hold I don't care about your history
and I don't care what you're thinking.
I'm sick of being the good girl,
people say I've got nothing to offer! It's my sex drive,
alone at night, but I can't stop sweating,
Sex drive,
I know you're weak, but my heart keeps beating,
Sex drive,
what I do to keep you from speaking,
Sex drive,
Sex drive baby. You got me all hot. Here I go again it never stops,
but there's something I could show you.
I never said I was a paradox,
you know I loved you in my way. So pour some liquor, you can fill my cup
but don't ask me what I'm drinking,
I'm not your lover, and I'm not your friend,
you're gonna thank me when I go. It's my sex drive,
alone at night, but I can't stop sweating,
Sex drive,
I know you're weak, but my heart keeps beating,
Sex drive,
what I do to keep you from speaking,
Sex drive,
Sex drive baby. I just can't help myself.
that's right,
uh huh, that's right.
Oow. You got me all hot. Sex drive,
Sex drive,
Sex drive,
Sex drive,
Sex drive baby.
Sex drive,
alone at night, but I can't stop sweating.
Sex drive,

I know you're weak, but my heart keeps beating.
Sex drive,
what I do to keep you from speaking,
Sex drive,
Sex drive baby. Alone at night, but I can't stop sweating,
I know you're weak but my heart keeps beating.
What I do to keep you from speaking.
