Keep It Down Low

RBD

I find you standing there telling me you're sorry
A lonely tear rolling down your face
You hold me then time stops, I struggle to kiss you
And you just take my breath awayJust hold on for a second my love
Just to tell me this whole thing is wrongWould you please just keep it down low?
Spare me 5 minutes
I wanna feel your sweet and soft touch
All over meI want this kiss to last forever
We're both off limits
As we wrap it up with [Incomprehensible]
Like the end is just right here
Right hereI'm feeling too scared now just trying to understand
Why this love couldn't be crystal clear
Your embrace feel so freezing demanding sweet kissing
Is it the air 'cuz I just can't breathe?Just hold on for a second my love
Just to tell me this whole thing is wrongWould you please just keep it down low?
Spare me 5 minutes
I wanna feel your sweet and soft touch
All over meI want this kiss to last forever
We're both off limits
As we wrap it up with [Incomprehensible]
Like the end is just right herePlease hold my hand, love
My breath won't come back again
Say that you love me that you're not the one to blame
At least for just one second, I believe your words are true, loveWould you please just keep it down low?
I wanna feel your sweet and soft touchI want this kiss to last forever
As we wrap it up with [Incomprehensible]
Like the end is just right hereWould you please just keep it down low?
Spare me 5 minutes
I wanna feel your sweet and soft touch
All over meI want this kiss to last forever
We're both off minutes
As we wrap it up with [Incomprehensible]
Like the end is just right here
