

# Dance for Me

SisqÃ³

Ha ha ha  
So it is you, heh  
You think you'll get away with the same thing again  
Yup

Dance with me (ha ha ha)  
The way you shake your 'lil body for me  
(Come on, what's my name, uh, say my name)  
(Come on, come on)  
Dance with me (uh)  
The way you shake your 'lil body for me  
(Come on, say what's my name, come on, come on)  
(Say my name)

Let me whisk you away better yet some fries and a shake  
Come on girl now don't be late (just kiddin')  
'cause you like that ball a shit  
That negative degrees in the almond shit  
Better hop in the hoop with that Prada shit  
'cause I ain't having it girl, I can handle it

Or maybe we can do a little, cha cha  
We could do a 'lil, ah ah  
I got to go (got to go) but before I gotta go  
You gotta know you got a body like whoa  
Or maybe we could do a, 'lil ah ah  
Right before we do the cha cha  
Lemme know (lemme know) but before you lemme know  
I gotta make this last forever, oh

Dance with me (oh) the way you shake your 'lil body for me  
Ooh your eyes take over me, they're holding me  
Feel like they controlling me, moaning me oh (uh uh)  
Dance with me (yeah)  
The way you shake your 'lil body for me  
Oh your eyes take over me, they're holding me  
Feel like they controlling me, moaning me oh

Baby I like when ya shake it  
That freaky face when you make it

Though you think you're the sh... when the beat hit  
Don't stop, make it drop I can handle it  
You know what you trying to do  
All I know is that I know that I'm feeling you  
Your eyes, your eyes  
Like a vesta view, from the Empire State  
But we could see the moon

Or maybe we can do a little cha cha  
We could do a 'lil, ah ah (oh)  
I got to go (got to go) but before I gotta go  
You gotta know you got a body like whoa  
Or maybe we could do a 'lil ah ah (oh)  
Right before we do the cha cha (ah)  
Lemme know (lemme know) but before you lemme know  
I tryin' to make this last forever (come on)

Dance with me (oh) the way you shake your 'lil body for me  
Ooh your eyes take over me, they're holding me  
Feel like they controlling me, moaning me oh (uh uh)  
Dance with me (yeah)  
The way you shake your 'lil body for me  
Oh your eyes take over me, they're holding me  
Feel like they controlling me, moaning me oh

I don't mean no disrepeezy  
I'm just trying to make you see that  
Where I'm from yo shorty you the bomb  
Don't get me wrong (uh) but you ballin' 'cause you beautiful  
So don't (so don't desecrate my virgin eyes)  
Infatuation passes by (no you shouldn't feel this way)  
Baby doll I have to say (bring it back) is

Dance with me (oh) the way you shake your 'lil body for me  
Ooh your eyes take over me, they're holding me  
Feel like they controlling me, moaning me oh (uh uh)  
Dance with me (yeah)  
The way you shake your 'lil body for me  
Oh your eyes take over me, they're holding me  
Feel like they controlling me, moaning me oh

Dance with me (oh) the way you shake your 'lil body for me  
Ooh your eyes take over me, they're holding me  
Feel like they controlling me, moaning me oh (uh uh)  
Dance with me (yeah)

The way you shake your 'lil body for me  
Oh your eyes take over me, they're holding me  
Feel like they controlling me, moaning me oh

My name, say my name (whoa)  
Come on, what's my name, say my name (whoa)  
Come on, come on, what's my name (woah)  
Yo, say my name (whoa)  
What's my name, now dance with me (ooh)  
Dance with me (ooh)  
My name, say my name (whoa)  
Come on, what's my name, say my name (whoa)  
Come on, come on, what's my name (whoa)  
Yo, say my name (whoa)  
What's my name, now dance with me (ooh)  
Dance with me (ooh)
