Flipper Twist

Flipper

And I say
Oh oh oh you never know which way to goAnd I say
Oh oh oh the Flipper twist is in my soulNow all the time we spent runnin around
City to city, any club, any town
We got a taste of the audience zeal
What makes them hop and bop and feel
They want to dance and have a good time
We gotta keep the tempo upbeat all the time
But we are trying to do something new
Playing discord in theory and that chord too
Abundant vibrations so pure and true
Move about betraying me and youThe nations taste changes from day to day
First its humor becoming ultra violence decay
Its just a game of the rat eats the dog
Lead the pack or be forever lost
So many kings to rule just one hill
To me its crap, I say just be real
I have to stand out from the rest
Vocational noise puts myself to the testThe music squeaks, squawks and drones on
A magic feeling where nothing can go wrong
I lift my head proud, the feeling is bliss
My body starts a motion and I start to twist
Scream and shout but never resist
even though there's no control
Until falling down makes its cycle wholeAnd I say
Oh oh oh the Flipper twist is in my soulAnd I say
Oh oh oh you never know which way to go
