

# Teach The Little Children

## Sizzla

(Can't make out 1st line maybe Swahili or Amharic)  
And let King Selassie I rise and all His enemies be scatter  
Whoa oh oh oh burn them burn them burn them

All you need is love to make you happy and free (happy and strong)  
Praise King Selassie I His majesty  
All you need is love to make you happy and strong (happy and strong)  
Praise King Selassie I the Conquering Lion  
All you need is love and you'll have to survive  
Proper education keep the children alive... oh yea  
I see the sparkles in your eyes

Igziabeher, most high gets my praise  
I sing it for the girls on stage  
Play this on the airwaves  
Rasta man come free up the slave  
Whoa oh hail the ancient of days

All you need is love to make you happy and strong (happy and strong)  
Praise King Selassie I the Conquering Lion  
All you need is love to make you happy and free (happy and strong)

Proper education and the children survive  
Oh Black woman I see the sparkles in your eyes yea
