â–‘â–’â–“â–ˆElectric Ladyâ–ˆâ–“â–’â–‘â

Tesla Boy

Soul, soul needs more
I need your touch you're electrical girl
My mind is breaking the ties
Of your supernatural typeYour pulse my pulse are synchronized
We are synchronizedI wanna make love with you all nightLet, let it go
I want to crack you and get to the core
Why don't we start to reveal
Our forced superpassional thrillYour pulse my pulse are synchronized
We are synchronizedI wanna make love with you all night
