

Goin Down the Bar

Blood for Blood

Me and my boys are going out tonight
Me and my boys are going down tonight
We don't need no fancy place

We don't wanna see nobody's faceWe're going down the bar!Me and my boys are going out tonight

Me and my boys are going down tonight
We don't need no fancy place

We don't wanna see nobody's faceWe're going down the bar!
