

Fallin' Down

Goo Goo Dolls

Do you know
Where you want to go?
I ain't got time for you now
Do you think, that I'll ever be?'Cause all I ever wanted's
So far gone
And if I had my chance
I'd go along You're making me fall down
I'm fallin' down again
I wish you could fall down
Can you catch me darling Do you see
What you do to me?
You ain't got time for it now
Do you think, that I'll ever be?'Cause all I ever wanted's
So far gone
And if I had my chance
I'd go along You're making me fall down
I'm falling down again
I wish you could fall down
Can you catch me darling 'Cause all I ever wanted's
So far gone
And if I had my chance
I'd go along You're making me fall down
I'm falling down again
I wish you could fall down
Can you catch me darling Come home
Come home
Come home
Come home
