

# The Flame

[W.a.s.p.](#)

Give me a ticket on a jet airplane  
I'm a-gonna take it  
I live my life in the fast lane, the only way to make it  
And I keep on going all night long  
Cos that's the way I like it  
And with what you got in the heat of the night  
I know we got to try it  
Until the flame burns out  
Until the flame burns out  
So turn it up, your radio,  
Everybody shake it  
I'm a hundred degrees, with wild fantasies  
And I need someone to make it  
Show me a place where love is sweet  
I ain't gonna fake it

And hey little girl if you want my love  
Then now's the time to take it  
Before the flame burns out  
Before the flame burns out  
Before the flame burns out  
Before the flame burns out  
Turn up the flame your hips are fire  
You're so hot I got to try ya  
Show me the spot and I'll hit the mark  
Baby I got the gasoline and you got the sparks  
Before the flame burns out  
Before the flame burns out  
Until the flame burns out  
Until the flame burns out
