

Sapphire Blue

[Katy B](#)

[Verse 1:]

You're watching me move
And I feel you, your eyes on my skin
I'm trying to step back
To the darkness but I just can't blend in
I'm almost afraid
But don't want you to go
It's cause you take notice, you fill my soul[Pre-Chorus:]

You shine bright like
Like sapphire blue
Like emerald green
Let me next to you
You shine bright like
The gold round my wrist
And I cannot rest til
Til I taste your kiss[Chorus:]

And everyone disappears
Everything disappears
The floor around disappears
The walls around disappear[Verse 2:]
I rest my, my head back
On the cold wall and wait for you there
I feel this unfamiliar kind of feeling
Like I'm not aware
Of all this around
It's only you I see
Don't make me wait here
Come to me[Pre-Chorus][Chorus][Bridge:]

No more walls
No more doors
No more windows
No more floors
No more space
No more time
Just your skin
Touching mine
