

# Thought About It

## Rockie Fresh

Have you thought about it?  
Have you thought about it?  
Have you thought about it?  
We can talk about it  
We can talk about it  
We can talk about it  
We can talk about life  
We can talk about pain  
And we can talk about the game  
We can speak on what's true  
And we can talk about me  
Shit, we can talk about you  
Tell me what you want to do  
I know you're waiting on your turn  
I brought something we can burn  
I don't speak on what I earned  
But I can tell you what I learned  
I can tell you what I learned, yea  
I figured out true love is a rare thing  
A shooting star that most people just ain't seen  
I understand that the hate made me smarter  
But I'm trying to reach a point where I learn to love harder  
It's no fun when you're faking all your feelings  
My mind runs even when my body chilling  
And bad times going to come that's a given  
If you down to make it through swear I'm ready and I'm willing  
They say pain can inspire a change  
I lost my auntie that's why I ain't been acting the same  
And niggas that I made throwing dirt on my name  
But boys turn to men when you can stand in the rain  
That's why I love bad weather, I love this pressure  
'fore I never, break I never  
They hate however my life just better  
Than anybody try to front on my shit, fuck boy  
I'm sorry I'm different  
When I'm a hundred million up  
Maybe people will get it  
I always been about speaking things to existence  
I rap for anybody that believes in their vision

I see things that they just can't see  
Did I become something that they just can't be?  
They say that the best things in life are free  
And talk is cheap it's only two cents you keep  
So I let mines go if the stocks arise  
Maybe you can profit of what I prophezise  
I mean it when I say I won't waste your time  
And my number one fear is me wasting mine  
But people like you are just hard to find  
And people like me are almost extinct  
And when people like us just happen to link  
It's no telling what you can see  
Have you thought about it?  
Have you thought about it?  
Have you thought about it? We can talk about it  
We can talk about it  
We can talk about it
