# One Day

## ABC

Knifing my way through a diamond mine
Dragging those rocks from seabed to shoreline
Rubies and sapphires on Emerald Bay
Stretching across the milky way one day, one dayProspecting gold and staking my claim
But the only thing I treasure is hearing your name
Most everyone dreams diamonds and furs
I dream of love and baby its yours one day, one dayOne day you'll realize, you'll see it on her eyes
No room for alibis one day, one day
One day you'll realize, feel me materialize
You'll see youre just a fool to leave me, one day, one day
One day soon, babyThey say that your life is an open book
Well, I just wrote a chapter so take a look
Can't blame it on fate or destiny
Now that your book, it features me one day, one dayOne day you'll realize, you'll see it on her eyes
No room for alibis one day, one day
One day you'll realize, feel me materialize
You'll see youre just a fool to leave me, one day, one day
One day soon, babyHardly a day goes by without me thinking of you
No matter how hard I try you can't escape a dream
Living my life in the lap of luxury
Living my life, confuse me, confuse me babyOne day you'll realize, you'll see it on her eyes
No room for alibis one day, one day
One day you'll realize, feel me materialize
You'll see youre just a fool to leave meYou can't shake a dream, how I wish that you could
One day your mine get that understood
Until then each night I shall pray
For a love that lasts forever and one day, one day
