

Take It All

Bridge to Grace

This time you're lookin' around with you facin' the crown
Seen you suck the best of me
Too many people we know this feelin' bein' alone
You can't chase broken memories We can't go on we're in the?? sandy??
Just tell me somethin', tell me I can come alive You're breakin' me down, nowhere to run, you're facin' me now
You can't take it all
You can't take it all
Commit to your mouth, nowhere to run, I'm takin' you out
You can't take it all
You can't take it all
10 days of walkin' a road without a place to go home
Up on my fist and to the sky
Just tell me how does it feel, tell me it used to be real
I shake my head and I wonder why We can't go on, feelin' this?? sandy??
Just tell me somethin', tell me I can come alive You're breakin' me down, nowhere to run, I'm facin' you now
You can't take it all
You can't take it all
Commit to your mouth, nowhere to run, I'm takin' you out
You can't take it all
You can't take it all Guitar solo
Can't erase me, can't save me
You can't take it all
You can't take it all
Can't erase me, you cannot save me
You can't take it all
You can't take it all
You can't take it all
You can't take it all
