Tiny Tree Christmas

Guster

It comes along just once a year,
on Winters wings - Decembers rear,
ahh-ahh humbug phase is coming dear,
and then appears a perfect Christmas time,
All the world assembles its' pieces,
Grandmothers, nephews and nieces,
with every one the joy increases,
get behind a perfect Christmas time,
A tiny tree Christmas,
hang the balls with wishes,
the tinsel the lights the star that sings,
it's all you really need,
and you got your golden bells the star that sings,
on top your tiny tree,
So pull the shades and set the mood,
with candlelight and Chinese food,
ahh-ahh It's a Wonderful Life plays on loop,
the makings of a perfect Christmas time,

Cause in your heart you have all the pieces,
Grand mama, nephews and nieces,
and all the while your joy it increases,
get behind a perfect Christmas time,
A tiny tree Christmas,
hang the balls with wishes,
the tinsel the lights the star that sings,
it's all you really need,
and you got your golden bells the star that sings,
on top your tiny tree, yeahhhh,
Holiday, oh please don't ever go away, away,
Ahhhoohhhhh
Holiday, oh don't you ever go away, away,
Ahhhoohhhhh
Laaaa, laa, laa
La la la la laaaa laaaa laaa la la la la la
Laaaa, laa, laa
La la la la laaaa laaaa laaa la la la la la
