

# She Brings the Sunlight

[\*\*Richard Hawley\*\*](#)

Well I'll ask the life  
Lighter beside me  
There's no question why  
She's the first, the last and always  
With grace she walks  
Through my open door  
Her perfume reaches  
In before her  
She makes the world right  
And as my love  
Slowly undresses  
She brings a new need  
The need to caress her  
Oh and her eyes  
They hypnotise me  
The feel of her skin  
Now there beside me  
She makes the world right  
And as my heart  
Now calm beside hers  
The sweat runs dry  
Mine and hers always  
We'll have a child  
To show life's true meaning  
The child runs light  
And so forever sees us  
She makes the world right  
She brings the sun  
She brings the sun
