

# Lila

## Chad VanGalen

Just like the river we parted  
Where all these ends got started  
We were so young  
The time just hung... on LilaLila, Lila  
Lila, LilaA million gemstones falling down our stairwellYou were always the quiet one  
Burning slow like a sleeping sun  
Were were so dumb  
The time just hung.... on LilaLila, Lila  
Lila, LilaA million gemstones falling down our stairwell
