

Wingless Angel

Mash Landa

I dial you, and you ignore me
I don't know why, I really don't know
In the saddest moment of love
Left alone, alone in the jungle
He sends you a savior, a wingless angel
Your boy mash in this again

As you're depressed
Emotionally stressed
Slowly getting hatred
He sends you a Wingless angel
An angel without wings
As you're depressed
Emotionally stressed
Slowly getting hatred
He sends you a Wingless angel
An angel without wings
As you're depressed
Emotionally stressed
Slowly getting hatred
He sends you a Wingless angel
An angel without wings

At first you ignored it
Second time you chased it away
And the third time you still refused it
Don't you wonder why, it keeps on showing up
The reason is that
Purposely was sent
To heal that in-heart pain
Look how happy you're
Since you welcomed it
It's like you've never been
In that lonely lost world

As you're depressed
Emotionally stressed
Slowly getting hatred
He sends you a Wingless angel

An angel without wings
As youâ€™re depressed
Emotionally stressed
Slowly getting hatred
He sends you a Wingless angel
An angel without wings

When I say donâ€™t cry
Because I am your wingless angel
Who always sees you from afar
But at first you ignored me
And it made me sad
But because I was meant to be
That pain healer
I stayedâ€¦I stayedâ€¦I stayed and kept your love
