

One In This World

[Haylie Duff](#)

I've been searching for a heart that needs a heart like mine
I've been reaching for a hand that understands
I've been waiting for someone that I can love that loves me
Loves me for the one that I am Someone to hold me when I'm lonely
Someone to keep the rain away There's one in this world for everyone
One heart, one soul to walk beside you
One in this life to share your love
One touch, to touch the heart inside you
One to reach for each night, one to trust with your life
That's what I believe

You're the one, you're the one in this world for me I've been praying that someone like you would rescue me
I've been hoping that I'd find my way to you
I've been dreaming that somehow I'd finally find somebody
Somebody to make my dreams come true Someone to hold me when I'm lonely
Someone to give my whole world to There's one in this world for everyone
One heart, one soul to walk beside you
One in this life to share your love
One touch, to touch the heart inside you
One to reach for each night, one to trust with your life
That's what I believe

You're the one, you're the one in this world for me Someone to hold me when I'm lonely
Someone to tell my secrets to
Someone who's living for me only
Someone to give my whole world to
They say they say
They say they say There's one in this world for everyone
One heart, one soul to walk beside you
One in this life to share your love
One touch, to touch the heart inside you
One to reach for each night, one to trust with your life
That's what I believe
You're the one, you're the one in this world for me
You're the one, you're the one in this world for me
You're the one
