

# Austin

## Pat Green

Where did all my friends go  
What happened to my scene  
Feels like the mephis mafia  
Up and left the king  
Now i've been swimming for redemption  
but Im drowning in bureaucracy  
I cant find exemption  
From all this mediocrityand the whiskey and the women  
in this town, are killing me  
if i dont put new boots on  
I'll never get on my feet  
Ive been running with the devil  
and It's gonna be hell to pay  
If i dont get to austin  
I swear im gonna fade awayyyyywayyyy  
I Swear Im gonna fade away  
gonna fade awayyywayyyy  
I Swear im gonna fade awayNow i dont mean to bitch and judge  
but baby i gotta go  
Where they still play merl Haggard  
and the girls love to rock and roll  
And ive been looking for perspect dear  
between the highway signs  
but all roads lead to Texas  
Y'all look me up sometimeand the whiskey and the women  
in this town, are killing me  
if i dont put new boots on  
I'll never get on my feet  
Ive been running with the devil  
and It's gonna be hell to pay  
If i dont get to austin  
I swear im gonna fade awayyyyywayyyy  
I Swear Im gonna fade away  
gonna fade awayyywayyyy  
I Swear im gonna fade awayWhiskey and women in this town  
are killing me  
if i dont put new boots on  
Ill never get on my feet  
Ive been running with the devil

and It's gonna be hell to pay  
If i dont get to austin  
I swear im gonna fade awayyyyywayyy  
I Swear Im gonna fade away  
gonna fade awayyywayyy  
I Swear im gonna fade away  
Gonna fade awayyyyywayyyy  
I swear im gonna fade away  
Gonna fade awayyyyywayyy  
I swear im gonna fade awayyy
