GOING NOWHERE FT TENELLE

SPAWNBREEZIE

Going Nowhere - Spawnbreezie ft Tenelle

Verse 1:

When I feel, like this is going round and round
Around around in circle, circle
And the only thing real, was me loving you
And the fact that I wasn't tryna hurt you
Oh but you, you keep playing my heart, eh
Only if I see it from the start baby
You knew I was just trying to find your love
And all you ever did was break my heart

Chorus:

Me and you, we are through
I think that it's best if we look for something new
It's come to an end, we ain't gotta be friends
As much as we like to you and I can't pretend
This ain't going nowhere, nowhere, nowhere

Verse 2:

I'm picking petals, do you love me love me not
Though forever, broken promise from the start
It doesn't matter oh, from here we go our separate way
Oh you, you keep playing with my heart it's true
Only if I'd seen it from the start but you,
You knew I was just trying to find your love
All you ever did, break my heart

Hook:

Me and you, we are through
I think that it's best if we look for something new
It's come to an end, we ain't gotta be friends
As much as we like to you and I can't pretend
Cause we both know, it's going nowhere
But it's only cause you act like you don't care
I do, you would know, if you'd pay me that attention

I never wanted this to end, but now I've made an exception

Chorus:

Me and you, we are through
I think that it's best if we look for something new
It's come to an end, we ain't gotta be friends
As much as we like to you and I can't pretend
This ain't going nowhere, nowhere, we are through
It's come to an end, we ain't gotta be friends
As much as we like to, we ain't gotta pretend
