

Sewers at the Bottom of the Wishing Well

[Ryan Adams](#)

No time to explain
Always hopeless in a hurry
There's no one to blame
For an empty heart Well, well, well
Nothing's gonna change
Nothing's gonna change our way out
Into the sewers at the bottom of the wishing well My heart isn't black
It's just dirty from the floors
Nobody walks across
Nobody walks across or sleeps on anymore Well, well, well
Nothing's gonna change
Nothing's gonna change, oh well
Into the sewers at the bottom of the wishing well
Wishing well
Wishing well
At the bottom of the wishing well
