

Glow

Nelly Furtado

Alright I'm ready
Hey!
Make me glow glow glow glow
How far can you go?
Make me glow glow glow glow
How far can you go?
Make me glow glow glow glow
Only you know how to make me
Glow glow glow glow
I wanna go and go and go and go
People say I've gone crazy 'cause I'm around you
I'm not the same lady 'cause I'm around you
People say my eyes are hazy 'cause I'm around you
People say I'm acting shady when I am around you
But I'd rather be your baby
Than sit around and do the same things, same things
I am getting something out of it
I'm indebted to your good shit
And I could never get enough
Make me glow glow glow glow
How far can you go?
Make me glow glow glow glow
How far can you go?
Make me glow glow glow glow
Only you know how to make me
Glow glow glow glow
I wanna go and go and go and go
I don't know where I am
I don't know what you did
But I think that I may float away
I don't know what happened
I don't know where we went

But I think that I may die today
There's everybody else and then there's you
Baby why you gotta be so good?
(And I can never get enough)
And tonight you're on fire
(So come around me)

I'm gonna never get tired
Make me glow glow glow glow
How far can you go?
Make me glow glow glow glow
How far can you go?
Make me glow glow glow glow
Only you know how to make me
Glow glow glow glow
I wanna go and go and go and go
I don't gotta tell you what to do 'cause you're on it
I don't gotta let you in my world 'cause you rock it
I don't gotta tell you what to do 'cause you're on it
I don't gotta let you in my world 'cause you rock it
You rock it, you rock it, you rock it
Make me glow glow glow glow
How far can you go?
Make me glow glow glow glow
How far can you go?
Make me glow glow glow glow
Only you know how to make me
Glow glow glow glow
I wanna go and go and go and go
Ah, ah, ah
Go and go and go and go
Hey, hey, hey!
