The bank

The Dam

Whatever it is spit it into a bottle and sell it to me
Im looking to buy freedom from my sobriety
Just like Huey LewisI need a new drug, I need a new drink
I need a new drug that does what it shouldSo take me to the bank
Take me to the bar
Can you take me to the hot spot?
This is what we worked so hard to afford butTake me to the bank
Can you take me to the bar?
Can you take me to the hot spot?
This is what we worked so hard to afford but
How I wanna hideThe next time you visit me here
How about coming out to my place
We can sit on the floor and play my brothers records
We can sit on the grownup bedCouple with the coin
Lighting up to join the coping crowd
My big brother said to stay unsatisfied
Never work a day to pay off your desireCouple with the coin
Lighting up to join the coping crowd
