It's Not You

L7

Suck thisIt's not you
It's not you
It's not you
It ain't youHe's the one who can take out my trash
He's the one who can scratch on my back
He's the one who don't give you flack
About what I do and it's not you babyIt's not you
It's not you
It's not you
It ain't youHe's the one who can love me tender
He's the one who can fix up my blender
He's the one don't give a hoot
About what I do and it's not you babyHe's the one who can
He's the one who can
He's the one who don't give a hoot
'Bout what I do and it's not you, no
