Farewell

Europe

There was a time when I was satisfied
There was a time when everything felt right
But now's the time for me to decide
And I've only got one solution in sight
Don't know where I'm going
But I know it feels right
And though my feelings are showing
I'm not afraid, it's alright
So long, farewell, I've got to go, yeah
Be strong, be well, I want you to know
That maybe we'll meet someday
Should I stay or should I go?
It was not easy to decide
But you told me, I already know
I guess you wondered why I lied
Don't know where I'm going
But I know it feels right
And though my feelings are showing
I'm not afraid, it's alright
So long, farewell, I've got to go, yeah
Be strong, be well, I want you to know
That maybe we'll meet someday
Meet someday
I don't know where I'm going
But I know it feels right
And though my feelings are showing
I'm not afraid, it's alright
So long, farewell, I've got to go, yeah
Be strong, be well, I want you to know
So long, farewell, I've got to go, yeah
Be strong, be well, I want you to know
So long, farewell, I've got to go, yeah
Be strong, be well, I want you to know
So long, farewell, I've got to go, yeah
Be strong, be well, I want you to know
So long, farewell, I've got to go, yeah
Be strong, be well, I want you to know
So long, farewell, I've got to go, yeah
