Falling Up

Lyon

I want what you want
Rather hurt myself than lay it all on you
Half in and half outMemories are flashing at the speed of light
Blurring all the lines between what's wrong and right
Maybe I'm afraid to see the other side
But I want what you wantI'm falling up
Is this how love feels?
And all I know was that it's messing with my head
I'm falling up, ohPull me, I push back
Can't help but drown inside your gravity
Big highs and big lows
Between the moments of clarity
Looking at the signs from all the satellites
Holding on to better days to pass the time
Maybe I'm afraid to see the other side
But I want what you wantI'm falling up
Is this how love feels?
And all I know was that it's messing with my head
Falling up, ohI keep on telling myself
Someday it might get better
I keep on telling myself
I want what you want
I keep on telling myself
Someday we'll figure it
I keep on telling myself
Maybe I'll believe itMaybe I'll believe it
I'm falling up
Is this how love feels?
And all I know was that it's messing with my head
Falling up, oh
I want what you want
(I'm falling up)
I want what you want
(I'm falling up)
