

# Ambitious Outsiders

[Morrissey](#)

Bolt-lock your doors, alarm your cars  
And still we move in closer every day  
Top of the list is your smiling kids  
But we'll be smiling too, so that's okay Oh, and by the way  
Thank you, because you're giving, giving, giving  
And we're receiving no, no, we're taking  
Keeping the population down Your taxes paid, but police waylaid  
And we know when the school bus comes and goes  
We're on your street, but you don't see us  
Or, if you do, you smile and say, "Hello" But don't underestimate us  
When you are giving, giving, giving  
And we're receiving no, no, we're taking Just keeping the population down  
You're giving, giving, giving  
Well, it's your own fault  
For reproducing We're just keeping  
The population down
