

# Chelsea

## Daniel Ash

I saw you standing there  
I saw you standing there all alone, all alone  
I saw you standing there  
I saw you standing there beside me  
Chelsea, they believe me  
Chelsea, they do  
Chelsea, they believe me  
Chelsea, they do  
Close encounter, fountain of youth  
Endless love, you forever  
Big fear, my life as a single boy  
Chelsea they believe me  
Chelsea, they do  
Don't haunt me but don't leave me  
Don't haunt me but don't leave me  
Don't haunt me in the shadows of love  
Chelsea, they believe me  
Chelsea, they do  
Chelsea, they believe me  
Chelsea, they do  
Chelsea, they believe me
