

Arena (EP Version)

Suuns

Ohh, ohh, ohh, ohh, ohh, ooh, ooh.

Ohh, ooh, ooh, ooh, ooh, ooh, ooh.

Ohh, ooh, ooh, ooh, ooh, ooh, ooh.

Ooh, ooh, ooh, ooh, ooh, ooh, ooh.

Do what with which you can't explain or what you've never seen.

Take your ship, you own the ship, your ship that's coming in.

Do what you can't, you can't, you can't, you can't, you can't you get it in?

Do what you can't, you can't, you can't, you can't, you, take it in.

Do what you know you've never been, it's really just a shame.

What you can and know it, everyone is all the same.

If you can't get back again, you can change the way it is.

And what you can't and where and all, you think will begins.

What you can't and can't and if you're never coming back.

What you can and loose it, blues it, choose it, do what you like.

If you loose your way again, you've just been mistaken.

And what you can't and can't and put the cards back in the stack.

Ohh, ohh, ohh, ohh, ohh, ooh, ooh.

Ohh, ooh, ooh, ooh, ooh, ooh, ooh.

Cut and cut and crack it up.

Cr-crack, cr-crack, yes, oh I can cut you, catch you, catch you, catch you gettin' older.

You can't get quick, you can't commit, you can't control her.

Without, remember bodies sold to Sunday, getting colder.

Oh, so civilized so you cannot take it.

Oh, you cannot take it.

Oh, you cannot make it.

A force has come is stil alive.

Oh, open up and take it.

All the money, take it.

Oh, you cannot take it.

Night time, chin-chin and worry 'bout the nation.

What you cannot take.

Yeah, no one cannot take you.

Rise slow, close the blinds and wonder what you take, yeah.

Oh, you cannot take you, oh, you cannot take you.

What you, what you can't, it's just the world you've never seen.

Take your ship, just strangle it, your ship that's coming in.

Do what you can't, you cant', you can't, you get it in.

Do what you can't, you cant', you can't, you take it in.

Do what you know you've never been, it's really just a shame.

What you know, you know it's everyone is all the same.
If you can't get back again, you can change the way it is.
And what you can't and where and with is all and all again.

Ohh, ohh, ohh, ohh, ohh, ooh, ooh.

Ohh, ooh, ooh, ooh, ooh, ooh, ooh.

Ohh, ohh, ohh, ohh, ohh, ooh, ooh.

Ohh, ooh, ooh, ooh, ooh, ooh, ooh.
