The War Song

Joe Iconis

F**ked up my SAT
My mom don't notice me
my girlfriend says I'm immature

Aint got no future plans
and IÂ´m sick of minivans
So I`m going to war

Played every Xbox game
the pharmacist knows me by name
and It seems nirvanaÂ´s no longer on tour
Yeah
Yeah
Yeah!
but that's not a problem anymore
Cause IÂ´m going

AinÂ´t got no skill to give
but you donÂ´t need no will to live
When youÂ´re going to war

DonÂ´t care when or where
now, IÂ´m not choosey
Don`t have any patriotic passion or national rage

just wanna take a cool picture of me with an oozy
and post it on my facebook profile page
yeah
yeah!
YEAH!

They all brand me as a freak
cause my nails are black
and IÂ´m pale and weak
And the bulls***s getting harder to ignore

I wanna show the world IÂ´ve got a spine
But school shootings are so 99
So I`m going to war

DonÂ´t care if my converse get all bloody
after I slice a big Iranian with my big **s knife
I mean, I donÂ´t really wanna kill anybody
but it's nice to think that I've got the potential to affect a persons life
Yes I can!

So on graduation day
IÂ´m gonna make my get away
sign up at the booth outside the mall

Cause I am bored
and I am dumb
And oh so uncomfortably numb
and Barack Obama won't return my calls
Come on man!

and I don`t know whats worth fighting for
cause IÂ´m going
Cause IÂ´m going
to war!

(note: sorry I had to censor out the Curse words, I wouldn`t have but its the computer I'm using...Its one for school so I had to censor them)
