

# Riding the Waves

## Imagination Movers

You don't really wanna miss this  
Big waves, see 'em in the distance  
Sun rays are gonna warm your face  
Feel the vibe and the ocean's embrace  
Jump in 'cause you're feelin' that flow  
Pipeline is the only way to go  
Hang ten, and you're rippin' that curl  
Do it again, you're on top of the world  
On the waves  
On a sunny day  
Come on out and play  
Ain't no time to wait  
Don't you know you gotta wax up, wax up  
Grab your board and get into the lineup  
The day is hot, and it's gonna get hotter  
Time flies by when you're cuttin' through the water  
Komoa's in the water nearby  
I wonder if he gives the waves a try  
You're hot-doggin', and you might get thrashed  
50-foot waves can come real fast  
On the waves  
On a sunny day  
Come on out and play  
Ain't no time to wait  
Look out! Ghost boater!  
Ahoy!  
Hanalei, sunset, let's go!  
Hoo-hoo  
Waikiki pipeline  
(whooping)  
Hanalei, sunset, let's go!  
Waikiki pipeline  
(whooping)  
Do you really want to miss this  
On a sunny day  
Big waves in the distance  
Come on out and play  
Do you really wanna miss this  
There's no time to wait  
Big waves in the distance  
Ridin' the waves
