

I Could Stay Away Forever

Snow Patrol

I could stay away forever if I tried
I could stay away forever if I tried
I could stay away forever if I tried
I could stay away forever if I tried, if I tried
I could stay away forever if I tried
I could stay away forever if I tried
I could stay away forever if I tried
I could stay away forever if I tried, if I tried, if I tried, if I tried
I could stay away forever if I tried
I could stay away forever if I tried
I could stay away forever if I tried
I could stay away forever if I tried, if I tried, if I tried, if I tried
I could stay away forever if I tried
I could stay away forever if I tried
I could stay away forever if I tried
I could stay away forever if I
