

Everything Burns (in Memoriam)

Ben Moody

Here I sit in a corner
Singing myself to sleep
Wrapped in all of the promises
That I never seem to keep
I no longer cry to myself
There's no tears left to scratch away
Just diaries of blood stained pages
Praying to burn away So I will sing Till everything burns
While everyone screams
Burning their lies
Burning my dreams
All of this hate
And all of this pain
I'll burn it all down
As my anger rains
Till everything burns Walking through life unknown
Knowing that no one cares
But who could love what I won't let them touch
No, nobody's getting in here There's no sense reaching out
Not with hope or in doubt
For a cause or a remedy I've done all I can
I just don't understand
Why it's all got to come down to me But i will sing... Till everything burns
While everyone screams
Burning their lies
Burning my dreams
All of this hate
And all of this pain
I'll burn it all down
As my anger rains (Just let it burn) Everything burns
Everyone screams
Burning their lies
Burning my dreams
All of this hate
All of this pain
Burn it all down (Just let it burn...) (Let it burn...)
