

# Who's Been Talking?

## Clutch

My baby caught the train  
Left me all alone  
My baby caught the train  
Left me all alone  
She know I love her  
She done me wrong  
My baby bought the ticket  
Long as her right arm  
My baby bought the ticket  
Long as my right arm  
She say she gonna ride long  
As I been from home

Who's been talking everything that I do?  
Who's been talking everything that I do?  
Well, you my baby, I hate to lose  
Goodbye baby, hate to see you go  
Goodbye baby, hate to see you go  
You know I love you  
I'm the causing of it all  
I'm the causing of it all
