

Misty Rowe

Young Heart Attack

Hot Lights and Sentimental Needles

Showtime's tonight, yeah

Filmed shots of everybody bleeding

Carry the fever alright Hit the Lines

I Me Mine

Daisy On a Razor, Born

Light me up, Make me shine

Quick before I hit the floor Drink the gasoline (plastic figurine)

Girl you know you got me tearin up the movie scene Picture show

Misty Rowe

Tell me Wendy, how you get so low (Tell me Wendy 'bout the Golden Road)

Movie scene, Broken Queen

Tell me Wendy, Tell me what youve seen (what you mean) Too sick to make it to the party on the walk of fame

Hip shot, pale blue lady, Honey, its al the same Give me a line I'll be fine

Moviemaker bring me to

Starlite, let me shine tonight

Tell me what I gotta do
