

So Good

Joan Armatrading

Cuddle in the morning
Kissing late at night
That's what I wanna do
With my little baby
All rightSee me take that love
And hold it tight
Watch me hold on tightJust as in the day time
Get my smile
Candles round the table
In the pale moonlightBlackcurrent and jelly jars
Can't hold the sweetness
Sugar itself
So nice
Been said before but I feel it's rightAnd when I'm waddling old
Still wanna be there
High and mighty Oo
Old but gold
Love is you
So goodI'm a hopping onto a passing cloud
I'm sailing off to a heaven
Defines kissing you
The sun's up above
Way up
A hot burning sun
Cooking up love
Making love
