Can You Dig It?

The Mock Turtles

Can you understand me now I'll get it through somehow You won't ever get me down Won't see me hanging around Can you dig it (oh, yeah) Can you dig it (oh, yeah) Can you dig it (oh, yeah) Can you dig it what I'm saying One little kiss isn't anything, I won't be sad Ah, someone turn the lights off See how big and strong I've grown I'm standing on my own Can you dig it (oh, yeah) Can you dig it (oh, yeah) Can you dig it (oh, yeah) Can you dig it what I'm saying One little kiss isn't anything You keep insisting on everything, I won't be sad Ah, someone turn the lights off Can you dig it (oh, yeah) Can you dig it (oh, yeah) Can you dig it (oh, yeah) Can you dig it what I'm saying One little kiss isn't anything You keep insisting on everything, I won't be sad Ah, someone turn the lights off Can you dig it Can you dig it Can you dig it Can you dig it
