

# Destroy Everything You Touch

## Ladytron

Destroy everything you touch today  
    Destroy me this way  
    Anything that may desert you  
    So it cannot hurt you  
    You only have to look behind you  
    At who's underlined you  
Destroy everything you touch today  
    Destroy me this way  
Everything you touch you don't feel  
    Do not know what you steal  
    Shakes your hand, takes your gun  
    Wants you out of the sun  
    What you touch you don't feel  
    Do not know what you steal  
Destroy everything you touch today  
    Please destroy me this way  
Destroy everything you touch today  
    Destroy me this way  
    Anything that may delay you  
    Might just save you  
    You only have to look behind you  
    At who's underlined you  
Destroy everything you touch today  
    Destroy me this way  
Everything you touch you don't feel  
    Do not know what you steal  
    Shakes your hand, takes your gun  
    Wants you out of the sun  
    What you touch you don't feel  
    Do not know what you steal  
Destroy everything you touch today  
    Please destroy me this way  
Everything you touch you don't feel  
    Do not know what you steal  
    Shakes your hand, takes your gun  
    Wants you out of the sun  
    What you touch you don't feel  
    Do not know what you steal  
Destroy everything you touch today

Please destroy me this way  
Everything you touch you don't feel  
Do not know what you steal  
Shakes your hand, takes your gun  
Wants you out of the sun  
What you touch you don't feel  
Do not know what you steal  
Destroy everything you touch today  
Please destroy me this way
